

Be Good

Toxique

I wanna be good in my life
I know a good deed is a wonder then just
Watching bitter turning sweet
As love is flowin' back
I wanna shout with delight

In my walkin' shoes I'm rambling thru the town
Passing rushin' crowds hardly stopping by
If I'm lost and asking for the way
The answer will be „hey girl I don't care“

I wanna be good in my life
I know a good turn is a wonder then just
Watching bitter turning sweet
As love is flowin' back
I wanna shout with delight

In the realms of a street's illumination
Without exception of race, sex or nation
Children getting beat by mothers and fathers
My soul withers and it's weighing down my mind

(chorus)

I wanna be good
But not too foolish
I wanna help you
Just if you need it

(chorus)

I have to be strong
To find out what is wrong
I have to be strong
To find out what is wrong
