

I'm gonna see that „Holy Show“
Those famous people we all know
Don't wanna be a part of that
`Cause the situation makes me really mad
Don't wanna be a part of hell
Those are the names which I hate to spell
While reading those stupid magazines
Watching stupid tv show and movie scenes

Foolish and bored some people are
Watching all day some tv show and Superstar
Don't wanna be a part of that
Cause the situation drives me really mad

I was so pissed of by the concert which I saw
Now I rather sit at home and listen to my stereo

I'm gonna see that „Holy Show“
Those famous people we all know
Makin' music for money and a fame
Oh I hate that, what a shame!
Radio charts plaing Nine day wonders
I hate those videos done in rain and thunder
Don't wanna be a part of that
Cause the situation drives me really mad

I was so pissed of by the concert which I saw
Now I rather sit at home and listen to my stereo
