

# The Right Man

Toxique

Don't park here on my street baby  
You might think it, but I'm not crazy  
Don't want you to play games with me  
I know how evil you can be

Hey girls, all guys think that we are so stupid  
Boys thik they can fool us and than ust do it  
What we need is just carryin' and lovin'and talkin' and walkin'  
We want a strong man, brave man and proud man  
Yeah, that's right!

Don't walk around my house baby  
You can't help me you're so lazy  
Stop wearing this worn-out T-shirt  
Stop looking under my short skirt

Why's it so hard to find a right man  
Boy from my dreams  
Why's it so hard to find a bright man  
Boy from my dreams  
Why's it so hard to find a real man  
Why's it so heard

Don't burst into my room baby  
You might think it but I'm not crazy  
Hey, stop using that awful parfum  
I hate you singing out of tune

(chorus)
