

# Ghosts In The Universe

Toyah

(willcox/sidelnyc)

Here I stand on a large chunk of rock  
Floatin' in the piss-pot part of the firmament  
We all push me pull you fuck chuck a buck you  
Wall to wall vermin piss points floating  
In these city shells hovel hotels grovel  
Habits in bedsit habitats  
It's coudung Disneyland  
Tip toe ting-a-ling  
Gathering at the meeting  
Cardboard people yappin' top table,  
Currency  
Ghosts in the universe  
Hiding in the architecture  
Drawing up big plans  
Bang to bang designing  
I buy this, you buy that  
They build this here then  
Knock it down  
Shoppin' mall propagatin'  
Paradise is waitin'  
It's all in the hand shake  
Expane the big gland  
Ghosts in the universe  
Hiding in the architecture  
Drawing up big plans  
Bang to bang designing....
