Ghosts In The Universe

Toyah

(willcox/sidelnyc)
Here I stand on a large chunk of rock
Floatin' in the piss-pot part of the firmament
We all push me pull you fuck chuck a buck you
Wall to wall vermin piss points floating
In these city shells hovel hotels grovel
Habits in bedsit habitats
It's cowdung Disneyland
Tip toe ting-a-ling
Gathering at the meeting
Cardboard people yappin' top table,
Currency
Ghosts in the universe
Hiding in the architecture
Drawing up big plans
Bang to bang designing
I buy this, you buy that
They build this here then
Knock it down
Shoppin' mall propagatin'
Paradise is waitin'
It's all in the hand shake
Expane the big gland
Ghosts in the universe
Hiding in the architecture
Drawing up big plans
Bang to bang designing....
