I won't crack and I won't bleed
I won't let you see what you've done to me
I won't break or reinstate
I won't fake for the sake of peace

Oh this is ecstasy Bring it on and challenge me Oh this is obscene Are you doing it just for me

Am I made by a lesser god Because I believe in love Am I made by a lesser god Thrown from the heavens above

You say you can't feel love Can't trust, be affectionate You can hate, do you relate Causing pain in a reign of fate

Oh this is ecstasy Bring it on and challenge me Oh this is obscene Are you doing it just for me

Am I made by a lesser god Because I believe in love Am I made by a lesser god Thrown from the heavens above Am I made by a lesser god Because I believe in love

I won't crack and I won't bleed You say you can't feel love

Oh this is ecstasy Bring it on and challenge me Oh this is obscene Are you doing it just for me

Am I made by a lesser god Because I believe in love Am I made by a lesser god Thrown from the heavens above

Am I made by a lesser god Because I believe in life Am I made by a lesser god Because I fight for right Because I fight for right Because I believe in life.
