

Let Me Go

Toyah

(Bennett)

You say that this is no crime
But now it seems absurd
Is this the way you saw me then?
Remember this is your time
So take me at my word
I'll hold this thought and count to ten
Can't you just forget me
Will you ever let me go now?

I'm down on my knees
Let me know
(Please let me know)
Will you help me please
Let me go
(Just let me go)

Help me!

If only it was all right
Are dreams not made to last?
That feeling, here it comes again
Down here you give me no light
You've stolen from my past
Now there's no need to ask me when
Can't you just forget me
Will you ever let me slow down?

I'm down on my knees
Let me know
(Please let me know)
Will you help me please
Let me go
(Just let me go)

Help me!
Help me!
Please let me go
Let me go

Can't you just forget me
Will you ever let me go now?

I'm down on my knees
Let me know
(Please let me know)
Will you help me please
Let me go
(Just let me go)
I'm down on my knees
Let me know
(Please let me know)
Will you help me please
Let me go
(Just let me go)...
