

# Name Of Love

Toyah

(Willcox / Beggs / Askew)

I miss you so badly  
So badly I could die  
There's no more tears  
They've all been cried

You knocked the phone down weeks ago  
Now you'll never know  
I'd do anything for you in the name of love  
I keep calling your name  
It's the name of love

We keep writing  
With words we are fighting  
Neither will win  
Til' we're together again

You knocked the phone down weeks ago  
Now you'll never know  
I'd do anything for you in the name of love  
I keep calling your name  
It's the name of love

You knocked the phone down weeks ago  
Now you'll never know  
I'd do anything for you in the name of love  
I keep calling your name  
In the name of love.
