Toyah

Hey little wonder, don't cry  
We'll be fine, we're gonna fly  
We are invincible  
We are

Hey little starlight, hey little soul  
Hey little girl come rock and roll  
Hey little satellite burning bright  
God made you to light the night  
We are invincible  
We are

Hey little star  
Look at you, you're so beautiful  
Just like this universe  
You are sensational  
Hey little dreamer look at you  
You are so wonderful  
Just like a burning supernova  
You're sensational

Hey little dreamer, forgotten one  
Come with us we're on the run  
Hey little wonder, let's fly  
Touch skin, watch sky ignite  
We are invincible  
We are

Hey little star  
Look at you, you're so beautiful  
Just like this universe  
You are sensational  
Hey little dreamer look at you  
You are so wonderful  
Just like a burning supernova
