

## So What If I Do

Trace Adkins

So what if you made a fool of me  
So what if you're the last thing I need  
So what if you're there all alone  
So what if I answer the phone

So what, so what if I do  
Hold out hope that we ain't through  
You tell me that I can't keep loving you  
Well so what, so what if I do  
So what, so what if I do

So what if it's just for tonight?  
So what if it's one more last time  
So what if I close my eyes  
So what if I pretend you're mine

So what, so what if I do  
Hold out hope that we ain't through  
You tell me that I can't keep loving you  
Well so what, so what if I do  
So what, so what if I do

So what if I can't tell you no?  
So what if I'm not starting now?  
So what if I can't let you go?  
So what if I don't know how?

So what, so what if I do  
Hold out hope that we ain't through  
You tell me that I can't keep loving you  
Well so what, so what if I do  
So what, so what if I do  
So What if I do?  
So What if I do?  
So What if I do?
