

This Ain't No Love Song

Trace Adkins

Well my heart didn't skip a beat
When I saw you standing there
Looking like some kind a angel
Like you were walking on air
And the earth didn't move
When you first said my name
I didn't feel a thing, no not me,
My heart didn't skip a beat

This aint no love song
I just felt getting my guitar on and singing a tune
Singing about you
Feeling good and tapping my shoes
And all this stuff I'm making up well you probably
Won't be hearing it on the radio but then you never know

So baby if you want
You can sing along
But this ain't no love song

I couldn't sleep last night but you weren't on my mind

And I went for a drive last night but if you saw me driving by
well I must've took a wrong turn

I must've been thinking bout something else had a melody in my
head yeah maybe that's why

I couldn't sleep last night
This ain't no love song
I just felt like getting my guitar on and singing a tune,
Singing bout you, feeling good and tapping my shoes
And all this stuff I'm making up well you probably won't be hearing it on the radio
But then you never know

So baby if you want you can sing along
But this ain't no love song, love song, love song singing to you
u baby singing to you baby
All night long

Yeah half this stuff I'm making up well you probably won't be hearing it on the radio
But then you never know
So baby if you want you can sing along
But this ain't no love song, love song, love song
