Why Does The Wind

Tracey Thorn

Dont waste my time now Dont call me baby when you don't know if you love me If you're coming or going

And don't leave the back door open And look for a way out and then say maybe you love me but there s no way of knowing

Why does the wind blow through my house at night? Why does the wind blow through my heart each time i look into y our eyes?

Dont look for reasons Dont tear your heart wondering why the light starts fading when the day the is ending Embrace the seasons and get to believing that its only somethin g broken that seems worthwhile mending

Why does the wind blow through my house at night? Why does the wind blow through my heart each time i look into y our eyes?

Your heart is sore like mine was before You look to the sky and no one cares why Not even the wind so where to begin

And since we exist And why not just Why not just And why not just kiss?
