

If You Wanna Get Down

Tracie Spencer

Dippin' in the club
Lookin' fly
Oh my it's on tonight
Spotted a freak
Mad tall, brown eyes
With a tasty smile
Hennessy, Alize, Crystal
Sippin' hard tonight
I'm 'bout to party in this place
So you gotta clear the way
All the ladies on the floor
Yo, we 'bout to get it on
Grab a nigga & do what 'cha wanna do
All my playas standin' there
Put your hands up in the air
Spot a honey, don't be scared
Make a move
If you wanna get down
Just pull up on it
When you wanna get down
Let your body do the movin'
Let's get down
Just get up on it
If you wanna get down
Let the rhythm get you groovin'
Let's get
Everybody from the east & the west
Just throw it up
It doesn't matter where you're from
Where you at
Just show some love
I see the girls with the guys at the bar
& they're tryin' to hang
'cause at the end of the party sing
You know they're about to do their thing
Catch the one you wanna know
'cause they're walkin' out the door
Get them digits
Get a kiss on the low
'cause it's gettin' kinda late
& everybody's gotta shake
Find your rides
No fights
Get shot with your crew
If you wanna get down
Just pull up on it
When you wanna get down
Let your body do the movin'
Let's get down
Just get up on it
If you wanna get down
Let the rhythm get you groovin'
Let's get

To the clouds
The nights' still young
So hit me up if I'm on your mind

I know a place just around the way
Where nobody sleeps
They just party all night long
If you wanna get down
Just pull up on it
When you wanna get down
Let your body do the movin'
Let's get down
Just get up on it
If you wanna get down
Let the rhythm
Down
Just pull up on it
When you wanna get down
Let your body do the movin'
Let's get down
Just get up on it
If you wanna get down
Let the rhythm get you groovin'
Let's get
