

It's On Tonight

Tracie Spencer

Fifteen after nine
Come on, girls
Party time
What 'cha want to do
To my left and my right
All the kinds that I like
I just want to get to know you
Baby, one night and day in my hideaway
I'll make it nice if you let me, baby
But if you're not down
And you change your mind
I swear I'll make it worth your while
Say, oh yeah

Baby, let's unwind
If you want to ride
It's on tonight
Till the mornin' light
Tell me where to go
I won't say no, no
It's on tonight
Till the mornin' light

Tonight's the night
To take a chance
And don't ya like the way I dance
Baby, it's all for you, you, you, you, you
Player is a dawg
Touch my thigh
I make ya hot
Don't stop till I tell ya to
One night and day in my hideaway
I'll be discreet if you ask me, baby
But if you're not down
And change your mind
I swear I'll make it worth your while
