

## Don't Need That Heartache

Tracy Byrd

I hate to say it heart I told you so  
You wouldn't listen you just had to go  
And take her back again  
Knowing you couldn't win  
She's put you through all this before  
And you don't need that heartache anymore

I feel the hurt that's inside of you  
I've seen all the things she's put you through  
Now you're alone and ache  
She's finally made you break  
Your troubles just walked out the door  
You don't need that heartache anymore

Maybe in a while you'll feel better  
Try real hard to forget her  
She ain't worth your teardrops  
Or walking the floor  
It's gonna take time but I know you'll do it  
Come on heart you can get through it  
You don't need that heartache anymore

Maybe in a while you'll feel better  
Try real hard to forget her  
She ain't worth your teardrops  
Or walking the floor  
It's gonna take time but I know you'll do it  
Come on heart you can get through it  
You don't need that heartache anymore

Maybe in a while you'll feel better  
Try real hard to forget her  
She ain't worth your teardrops  
Or walking the floor  
It's gonna take time but I know you'll do it  
Come on heart you can get through it  
You don't need that heartache anymore  
You don't need that heartache anymore  
You don't need that heartache anymore
