

## Have a Good One

Tracy Byrd

Have a good one she told me  
As she walked away  
What a fine time to tell me  
To have a nice day  
She's gone now but the words she said  
Still linger on and on  
Have a good one, thought I had one,  
I guess I was wrong

She could have said I'm sorry  
Or darlin' please don't cry  
But now there's tears each time  
I hear that cheerful goodbye  
It's over but over and over  
It echoes all night long  
Have a good one, thought I had one,  
I guess I was wrong

She could have said I'm sorry  
Or darlin' please don't cry  
But now there's tears each time  
I hear that cheerful goodbye  
It's over but over and over  
It echoes all night long  
Have a good one, thought I had one,  
I guess I was wrong

Have a good one, thought I had one,  
I guess I was wrong
