

## Bridges

Tracy Chapman

All the bridges that you burn  
Come back one day to haunt you  
One day you'll find you're walking  
Lonely

Baby I  
Never meant to hurt you  
Sometimes the best intentions  
Still don't make things right

But all my ghosts they find me  
Like my past they think they own me  
In dreams and dark corners they surround me  
Till I cry I cry

Let me take this time to set the record straight  
Let me take this time to take it all back  
Let me take this time to tell you how I felt  
Let me take this time to try and make it right

But you can  
Walk away  
Be all alone  
Spend all your time  
Thinking about the way things used to be  
If love feels right  
You work it out  
You don't give it up  
Baby

Anybody tell you that  
Anybody tell you that  
Anybody tell you that

You should take some time maybe sleep on it tonight  
You should take some time baby heed the words I said  
You should take some time think about your life  
You should take some time before you throw it all away

I ain't got the time  
To sit here and wait around  
But I got the time  
If you say I'm what you want
