

## Questionnaire

Tracy Lawrence

Vogue magazine, empty coffee cup  
Out of curiosity I picked it up  
Said 'Does he still love you?'  
Turn to page 123  
That's when I realized she left it there for me

Question number one,  
does he still kiss you good night?  
Number two is if he does,  
Does he still close his eyes?  
Three, does he still call you  
Just to hear your voice?  
Or would he be home right now  
If he had a choice?

Five's a little tricky,  
Do you think he's being true?  
'Cause you're either halfway finished,  
Or you're over halfway through  
Six said 'Do you ever cry  
When you're all by yourself?'  
Seven, do you think he'd change  
If he knew how you felt?

I skipped down to ten to see  
What she had written there  
It said 'Do you still love him?'  
Damn, that questionnaire.
