Stars Over Texas

Tracy Lawrence

As you lie in my arms Girl my hearts on my sleeve Words come so hard, in moments like these theres feelings I have, that are so hard to show But right now theres one thing I want you to know

As long as the tides ebb The earth turns the sun sets I promise I'll always be true And as long as theres Stars over Texas Darling I'll hang the moon for you

I know I have stumbled and caused you some tears When you needed me most I haven't always been here I know I'm not always the man I should be But don't ever wonder what you mean to me

And as long as theres stars over Texas Darling I'll hang the moon for you Darling I'll hang the moon for you
