

# Bury Me

Trademark

1ST VERSE:

I was born across the hill,  
I had a good woman and raised two kids,  
Now bury me,  
I saw this town grow big to small,  
And I seen my land get auctioned off,

CHORUS:

Now bury me down by the pond,  
Beneath the trees,  
Where the old crow sits and sings,  
Bury Me, Bury Me

2ND VERSE:

I used to work in that little town,  
Now my job has gone overseas,  
Now bury me,  
I did my part,  
I paid my tithes,  
I drink too much of liquor and wine,

CHORUS:

Now bury me down by the pond,  
Beneath the trees,  
Where the old crow sits and sings,  
Bury Me, Bury Me,  
Bury Me,  
Dig a hole, Toss me in,  
Don't you worry,  
One day I will see you again

Guitar Solo

3RD VERSE:

I've seen this world change it all,  
And I've seen the colors, Change the fall,  
Now Bury Me  
All my friends, they've come and gone,  
It's been a good ride, but I'm headed for the door,

CHORUS:

Now bury me down by the pond,  
Beneath the trees,  
Where the old crow sits and sings,  
Bury Me, Bury Me, Bury Me  
Bury Me,  
Dig a hole, Toss me in,  
Don't you worry,  
One day I will see you again, See you again
