INTRO:

You're sitting at home,  
It's the middle of the week,  
Thinking of your plans for the weekend,  
Yeah, all the others are doing just the same,  
But for me and this band, We got game

Come on out, Come on in, Dixie Party is about to begin

1ST VERSE:

The damndest band that you ever did see,  
Take your ears to the edge, You best believe me,  
And we really love to party when the mood is right,  
So, come on down to Dixie, Let's pull an all night

CHORUS:

Come on out, Come on in, Dixie Party is about to begin,  
We like Hank, We like Kid, Love the music that they did  
Now it's time to party TRADEMARK Style,  
Drop on by and stay for just a little while

2ND VERSE:

Work and slave all week so when the weekend comes,  
Find our good friends and have these parties,  
Looking for a little fun,  
There ain't nothing better than being together and drinking with everyone,  
Just sit back and relax, let us show you how it's done

CHORUS:

Come on out, Come on in, Dixie Party is about to begin,  
We like Hank, We like Kid, Love the music that they did  
Now it's time to party TRADEMARK Style,  
Drop on by and stay for just a little while
