

# I Can Go On

Trademark

1ST VERSE:

It's another sad, sad song  
'Bout a love gone wrong, horribly wrong,  
When I come home, there's nobody there  
And I feel all alone,  
The air gets cold, It gets stale,  
When I think about where I failed,  
And I get scared, I get terrified

CHORUS:

And I can go on all night long,  
But It won't bring you back into my arms,  
It'll be OK, I'll wish you away out of my mind,  
And I can go on, I can go on

2ND VERSE:

If you see me out on the streets,  
Just let me be, oh let me be,  
I won't turn around,  
Won't let you see me frown,  
No, no, won't let you see me frown

PRE-CHORUS

How long will it take?  
How long till I break?  
You can't haunt me that long, no, no

CHORUS:

And I can go on all night long,  
But It won't bring you back into my arms,  
It'll be OK, I'll wish you away out of my mind,  
And I can go on, I can go on, and on, and on, and on, and on
