

# Say It Ain't So

Trademark

1ST VERSE:

Don't think we're rookies, We've been here for years,  
Rockin the basics, now we're switching gears,  
Filling your ears, drowning your fears,  
And we were the first, so call us pioneers,  
Of the rappin', rockin' cowboys on the scene,  
Careful we burn, gonna need sunscreen,  
Like when you're eighteen,  
You are living it up from a dixie cup.  
Holding the girl just close enough,

CHORUS:

Say it ain't so, Say it ain't so,  
The funky, fresh rhythm that'll drive you wild,  
Say it ain't so, Say it ain't so,  
From the very first time that she smiled,  
Say it ain't so, Say it ain't so,  
This funky fresh rhythm is making them wild,  
Say it ain't so, Say it ain't so,  
Let the girl from the South get you wired,

2ND VERSE:

We're delivering the punch that'll make you dance,  
With them Southern girls you may get one chance,  
Make a romance, make a short advance,  
Maybe with those eyes catch a glance,  
Of her shaking, aching, breaking and making that thing,  
Look real close, Hell, it's a nose ring  
Like it's during the spring,  
And You are living it up from a dixie cup.  
Holding the girl just close enough,

CHORUS:

Say it ain't so, Say it ain't so,  
The funky, fresh rhythm that'll drive you wild,  
Say it ain't so, Say it ain't so,  
From the very first time that she smiled,  
Say it ain't so, Say it ain't so,  
This funky fresh rhythm is making them wild,  
Say it ain't so, Say it ain't so,  
Let the girl from the South get you wired,

Guitar Solo

BRIDGE:

You can say it ain't so,  
Girls have got the flow, whoa, whoa  
We're keeping it slow,  
They're the show, They're the show, They're the show  
For Sure

CHORUS:

Say it ain't so, Say it ain't so,  
The funky, fresh rhythm that'll drive you wild,

Say it ain't so, Say it ain't so,  
From the very first time that she smiled,  
Say it ain't so, Say it ain't so,  
This funky fresh rhythm is making them wild,  
Say it ain't so, Say it ain't so,  
Let the girl from the South get you wired
