

## Three's A Crowd

Trademark

Inside this suitcase full of dreams  
There are broken hearts and memories  
A faded photograph of us  
Is all that I have kept  
Well you know it's not like me to cling  
So I'll walk away from everything  
Cause I don't really want to fight  
Say something I'll regret  
But I think you know that I love you still  
I always have and always will

[Chorus]

One heart is a lonely place  
While you've been loving someone else  
One heart is an island baby  
Don't you think that i could tell  
Two hearts would be perfect  
But you know it's not a perfect world  
There's only one thing left to say  
That you should know by now  
Three's a crowd

So tell me something I don't know  
Like you, you don't ever want to let me go  
I heard he looks a lot like me  
So will you promise him  
That you will love him faithfully  
You won't do to him what you did to me

[Chorus]

How can you say that you are telling me the truth 'cause  
Baby only fools believe  
When there's so much to lose
