

# Screwed Up

Trae tha Truth

Target practice baby, only thing is  
I'm not the shooter, I'm the bullet biatch  
Yeah, G'd up from the feet up (I got you Trae)  
Ya dig, A-B-C-D-E-F

I'm a G to the end, the end of the road  
But back in the kitchen, at the end of the stove  
Ay T, looks like we at the end of the O  
Drop a fo' in a twenty ounce, and call it 24  
You sit on 24's, and we sip on 24's  
Got the Caddy, sitting on a pair of Gucci penny loafers  
Yeah I get money, fuck with bitches that get me mo'  
Now you know the game, same shit different hoes  
Yeah we cut the ears and the tail off Mickey Mouse  
Never been a rat, never had em in the house  
Call me Captain Kangaroo, but I got money in my pouch  
And I don't mean loose change, when I say money in the couch  
Ya dig yeah, I'm getting paid at what I already say  
Can't see these niggas, like the brief on these niggas  
Got a bitch named Nina, and Nina so slutty  
Cause she'll do him, and every one of his buddies

We put them drinks down, and pick them tools up  
And if dude tripping, we hit dude up  
And you ain't shit, if you ain't never been screwed up  
And you ain't shit, if you ain't never been screwed up  
(We drop the top down, and chunk the deuce up)  
(These 84's'll make a hater, put his shoes up)  
(Yeah you ain't shit, if you ain't never been screwed up)  
(Yeah you ain't shit, if you ain't never been screwed up)

I'm in the drop sitting low, 84's looking dangerous  
My swagger got me in the hood, looking like I was famous  
My neck and wrist, look like it been hit by a couple painters  
I'm getting money, but the fact I'm gangsta never changes  
I got my Locs on, waiting on a time to plex  
Like this bopper shotgun in the whip, waiting on time to sex  
It's ABN until I rest, and won't be nothing less  
Since I'm protected by the neighborhood, I never need a vest  
I know them haters talking, but they ain't saying nothing  
Long as they stay inside they place, I'ma continue stunting  
My ice the shit, I'm prolly at a hundred stacks and running  
I guess I'm fly, cause my do's in the air and trunk is humming  
I'm still moving slow, my swagger just got off the chain  
Whether the club or in the hood, I'm still gon make it rain  
Yeah I'm the Truth, so please address it when you say my name  
You try to take it to me, I'ma try to take it to your brain

We put them drinks down, and pick them tools up  
And if dude tripping, we hit dude up  
And you ain't shit, if you ain't never been screwed up  
And you ain't shit, if you ain't never been screwed up  
(We drop the top down, and chunk the deuce up)  
(These 84's'll make a hater, put his shoes up)  
(Yeah you ain't shit, if you ain't never been screwed up)  
(Yeah you ain't shit, if you ain't never been screwed up)

It's still the same name, new whip, new shoes  
Fifty on the frame, so I know I won't lose  
Kit is on fly, do's up when I cruise  
All eyes on me, everytime a nigga move  
I pop another trunk, and show the world I'm screwed up  
This say different color chain, will make you put your jewels up  
Say bitch you better chill, cause I'll beat your dude up  
Put him on the sideline, and have his face bruised up all screwed up  
Oh yeah these diamonds in my mouth, showing I rep the South  
This 80 thousand dollar bitch, got the top taken off  
Up in these streets I'm like a kid, cause I love to get lost  
And stay packing somethin, that love to break a hater off  
So when it come to this gangsta, homie I got it locked  
And if I put that drop on the block, I'm unable to stop  
And when it come to what it do, I'm that number one spot  
They knew I represent for Screw and H.A.W.K., banging my music chopped

We put them drinks down, and pick them tools up  
And if dude tripping, we hit dude up  
And you ain't shit, if you ain't never been screwed up  
And you ain't shit, if you ain't never been screwed up  
(We drop the top down, and chunk the deuce up)  
(These 84's'll make a hater, put his shoes up)  
(Yeah you ain't shit, if you ain't never been screwed up)  
(Yeah you ain't shit, if you ain't never been screwed up)
