

## Heaven Is in Your Mind

Traffic

You ride on the swing  
In and out of the bars  
Capturing moments of life in a jar  
Playing with children,  
Acting as stars  
Guiding your visions to heaven  
And heaven is in your mind  
Take extra care not to lose what you feel  
The apple you're eating is simple and real  
So water the flowers that grow at you heel  
Guiding your visions to heaven  
And heaven is in your mind
