

## Just for You

Traffic

A sea of green, a sky of blue  
It's their time  
All things to do  
I see your face before me  
and I'm wond'ring is it you  
Looking thru the window where there isn't any view  
So I'm taking from the chandelier  
A crystal just for you

The music plays  
the pheasant stays  
A plane in the sky  
Reality passing by
