## Sittin' Here Thinkin' of My Love

Sittin' here thinkin' of my love Sittin' here thinkin' of my love Wonderin' if she's thinking, or maybe if she's drinking Sittin' here just thinkin' of my love

Never felt as low as this before Never felt as low as this before In the evening when I'm sleeping When I wake up I'm weeping Never felt as low as this before No, I never felt as low as this before

Sittin' here thinkin' of your love Sittin' here thinkin' of your love Wonderin' if it's growing since we both stopped cryin' Sittin' here just thinkin' of your love

Never felt this way before Never felt inseparable for sure In the evening I am sleeping When I wake up I'm weeping Never felt inseparable before No, I've never felt inseparable before
