

## Empty Room

## Trail of Tears

Empty room  
a lonely child  
left to suffer

Empty room  
and nightmare wild  
Never forgotten

I never meant  
to do you harm  
And if I could reverse our story  
I'd never dare

Chorus:

All alone  
All alone  
I think  
and I shiver  
What could have been  
was never real  
I think, and I think  
and I shiver

Candles lit  
and tearful eyes  
But not dreaming  
left to suffer

Candles lit  
and strangled cries  
Never forgotten

(Chorus)

I never meant  
to ruin it all  
And if I could reverse our story  
I'd never dare
