

Lost In Life

Trail of Tears

Time to stand tall, it's all so
Clear, the story ends right here
Where shall I go, I feel alone
And the silence breaks my heart

Nothing seems to make me smile
With this burden I'll go down
I feel no hope, I see no signs
Is there a reason...

Why, why am I here
I'm so stuck in life
Will you hold my hand
So my eyes might dry
So far away...
I'm just lost in life
May the will to fight
Once more come alive

Time to be strong, to walk alone
And to make my final stand
it's all been done, the fires gone
And the sadness quests my heart

Now it seems to make me cry
Nothing left but still I try
I feel the passion let me down
Is there a reason...

Tell me what to do
Tell me where to go
Tell me who to turn to
I really need to know
