

## Path Of Destruction

## Trail of Tears

I've got something to tell you  
Oh, please believe me, I have  
Nothing to offer you, Do you  
See what I mean you're on  
The path of destruction

It is over now  
I have no fears, no more  
Fears, no more love  
I can't feel anything anymore

I won't go with you, on that  
Edge you walk and I can't  
Save you from falling  
Soon you will see the ground  
Getting closer  
Soon you will find yourself  
So much deeper  
Soon you will see your  
Path of destruction  
I wish I could give you the  
World, that you deserve

It is over now
