

## She Weaves Shadows

Trail of Tears

Frail believer  
Won't you wipe away the shame  
Inject my soul and paint it black within a narrow frame  
I have no one to follow  
yet no time to linger  
I must face the day alone  
cause whenever around  
she tends to weave shadows

See the innocent  
Not afraid to stay withdrawn  
from mother nature

Bound  
Heaven's sent  
Doesn't speak my name  
but maybe later

All mercy has been withdrawn  
as your world comes crashing down  
and desperation knocks on your door  
Why don't you dare to speak my name  
Damnation  
All the times we shared  
appears to have been in vain

See the innocent  
Heading to the skies above  
from mother nature

Bound  
Heaven's sent  
Doesn't leave me be  
but maybe someone later
