I wanna take you with me to life with no more yesterdays We can start again awake and so excited And change the way we always push We always push

I'll open up and be your parachute
And I'll never let you down
So open up and be my human angel
And we'll only hit the ground running

And when the world gets sharp and tries to cut you down to size $\mbox{\fontfamily{And}}$ makes you feel like giving in

Oh, I will stay, I will rain, I will wash the words and pain aw ay

And I will chase away the way we push, the way we pull You're beautiful

I'll open up and be your parachute
And I'll never let you down
So open up and be my human angel
And we'll only hit the ground running, running

And if it feels like we might drop It will stop, so don't look down It wouldn't be the same without you This life is too good to give up on

I'll open up and be your parachute
And I'll never let you down
So open up and be my human angel
And we'll only hit the ground
And we're gonna hit the ground running, running
