

Wait For Mary, Christmas

Train

The only thing I'm thinking about, is when my eyes see you
I'm afraid my heart might melt the snow
Heading down the mountain now and all I know that's true
Backing into my arms, and it's where my love will go

Wait for Mary Christmas, she's come such a long way
Wait for Mary Christmas, wait till New Years day

Staring at this window, and I feel each minute past
Slower than a snowflake, then somehow
What I'll give to hear that sweet familiar, here I'm home
Nothing here is Christmas dear, until you come to town

Wait for Mary Christmas, she's come such a long way
Wait for Mary Christmas, wait till New Years day

What a site when the sun rise, all lit up the Christmas lights
Doesn't matter if it's late December or June, Christmas waits for you

Wait for Mary Christmas, she's come such a long way
Wait for Mary Christmas, wait till New Years day

Wait for Mary Christmas
Now she's on her way
Wait for Mary Christmas
Wait till New Years day
Wait for Mary Christmas
