

# Alone

Trampled by Turtles

You come into the world alone  
And you go out of the world alone  
But in between, there's you and me  
Oh

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh

The summer breezes blow so tall  
And the winter nights are cold and so long  
In between the falling leaves ooh

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh

The days and nights are killing me  
The light and dark are still in me  
But there's an anchor on the beach  
So let the wind blow hard  
And bring a falling star ooh

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh
