High Water

Trampled by Turtles

It survives I think it's nice To drive around till you're blind

Young and old Scared or bold You're what you want with your time

I wanna go sorry Well I, I'm sorry too

Right or wrong Which side I'm on The earth won't ever let it slide

Lonesome man He's got a plan To end it all before his time

I wanna go sorry Well I, I'm sorry too.
