

## Sorry

Trampled by Turtles

I never meant to hurt you darlin'  
I figured you would know all this by now  
But I still think that I should say it

There's more to life than dying early  
It's new to me so bear with me a while  
And I promise that I'll do better

When you leave me  
Let me down easy  
Won't you?

And you'll be sorry  
And I'll be sorry back

I never meant to hurt you darlin'  
Looks that you'll be holding too  
I won't be there when you're calling

There's more to life than broken windows  
I know people that are just like you  
And I promise that I'll do better

When you leave me  
Let me down easy  
Won't you?

And you'll be sorry  
And I'll be sorry back
