

I Had a Memory

Trans-Siberian Orchestra

Time, could you please help
I had a memory
I somehow lost in the past

Christmas but glittering
and I've been wondering
Do you hear the echoes it cast

Hallelujah
Hallelujah
Hallelujah, Lord

Time it would not divide
What th heart keeps inside
Words that don't try to
Deceive

And on this christmas night
Better by candlelight
to trust like a young child
believes

Hallelujah
Hallelujah
Hallelujah, Lord
Believe

Time it would not divide
What th heart keeps inside
Words that don't try to deceive

Removed sorrow
Dreams to follow
Appears on this day

Believe
Believe
Believe
Oh Lord

Time, could you please help
I had a memory
I somehow lost in the past
