

Summer Dust

Transit

Just like a dream, fading like a photograph
Feeling the rain
You're just the pieces I'm picking up
You're just the pieces I'm picking up

Down on my knees
You broke my bones into summer dust
You're just the pieces I'm picking up
You're just the pieces I'm picking up

Let it go away by the wind
So far so good feels
So let it go, nothing beautiful face down
Load it back and reach out

Just like your dreams
You will lay naked in the empty tree
You're just the pieces I'm picking up
You're just the pieces I'm picking up
Under my sleep you crush my car on the pouring rain
You're just the pieces I'm picking up, picking up,
You're just the pieces I'm picking up, picking up,

Let it go away by the wind
So far so good feels
So let it go, nothing beautiful face down
Load it back and reach out
When you're gone, I wait for the wind and it's so far, so good
So let it go, nothing beautiful face down
Load it back and reach out

And braking up on every little thing, every little think
No, I will hold air against you
Just take a look at me, take a look at me
It will be the last time when I let you

Let it go away by the wind
So far so good feels
So let it go, nothing beautiful face down
Load it back and reach out
When you're gone, I wait for the wind and it's so far, so good
So let it go, it's all over
Let it go away by the wind
So far so good feels
Let it go away by the wind
So far so good feels
