

Sweet Resistance

Transit

Call me never answer
Leave me running after
Oh, I wish that you were here
I'll keep you with me
Watch me burn the pictures
Hate me, heavy drinker
Oh, I wish that you were here

I'll keep you in our sweet resistance
Will you keep me at a distance?
You'll find pieces of me in everyone you ever meet
In our sweet resistance

Cry for attention
I never listen
Oh, I remember when you said
"Don't ever leave me"
Goodbye, DC tell me
Am I better off alone?
I wish that you were here

I'll keep you in our sweet resistance
Will you keep me at a distance?
You'll find pieces of me in everyone you ever meet
In our sweet resistance

Sweet resistance
Will you miss me when I go missing?
Sweet resistance
Will you miss me the moment I go missing?

Sweet resistance
Will you keep me at a distance?
You'll find pieces of me in everyone you ever meet
In our sweet resistance

Will I bend? Will I break?
Will you throw me away?
I wonder...
