

# The Only One

Transit

Here's where the horror hits home  
I figured it all out on my own  
Heaven is what you make it  
Hell is what you're putting me through  
Out there waiting unknown, I get the feeling you're not alone  
How could you? Why would you? Who told you?

And now I know the story before you tell me  
Tell me what were you thinking  
I know I'm not the only one  
So funny so  
You call it your little secret  
I'm sorry I couldn't keep it  
I know I'm not the only one

Midnight, a cigarette burns  
Sliding off the bed and out the door  
Heaven is what you make it  
Hell is what you're putting me through  
Goodbye, you wasted my time  
You were the best part of my life  
How could you? Why would you? Who told you?

And now I know the story before you tell me  
Tell me what were you thinking  
I know I'm not the only one  
So funny so  
You call it your little secret  
I'm sorry I couldn't keep it  
I know I'm not the only one  
One and only  
I know I'm not the only one

L I before the E  
Fell for it  
I can't believe I fell for it  
Lucky for me I'm not the only one

Who knows the story before you tell me?  
Tell me what were you thinking  
I know I'm not the only one

And now I know the story before you tell me  
Tell me what were you thinking  
I know I'm not the only one  
So funny so  
You call it your little secret  
I'm sorry I couldn't keep it  
I know I'm not the only one  
One and only  
I know I'm not the only one
