

You Can't Miss It

Transit

I've tried to keep my conscience light
But guilt and anxiety were sold to me
Guilt and anxiety keep me up at night
With the best of intentions
I can't forget how you took away the happiness from my life
Like all the city lights broke at the same time

You can't miss it
It's everywhere
You won't miss us
We are everywhere

And it seems I only have two speeds
Too much too soon or not enough
Too much too soon or not enough
With the best of intentions
I can't forget how you took away the happiness from my life
Like all the city lights broke at the same time

You can't miss it
It's everywhere
You won't miss us
We are everywhere

I'm nothing special really
I'm just a kid who tried too hard
And lost his heart in someone else's bed or car
I don't remember anymore

And you can't miss it
It's everywhere
You won't miss us
We are everywhere
