

Evolution Evie

Transvision Vamp

You know Evie's got a real wild style
I mean she's got the clothes, oh yeah
And everybody goes, ooh, ooh, ooh, ooh
Everywhere she goes

Evolution Evie, Evolution Evie
Evolution Evie, what you gonna choose
Evolution Evie, Evolution Evie
Changing into something new

Now Evie and me
We go out dancin' and playin' pool
All the boys say
Hey, you're lookin' hot tonight (huh)
We just say, Hush Now
'Cause really we're just cool, cool, cool

Evolution Evie, Evolution Evie
Evolution Evie, what you gonna choose
Evolution Evie, Evolution Evie
Changing into something new

Doo doo doo, doo doo doo
Doo doo doo doo doo
Doo doo doo, doo doo doo
Doo doo doo doo doo

Now when the planets shift
Now everything rocks
And then when we kissed
You know the whole world stopped

Evolution Evie, Evolution Evie
Evolution Evie, what you gonna choose
Evolution Evie, Evolution Evie
Changing into something new

Doo doo doo, doo doo doo
Doo doo doo doo doo
Doo doo doo doo, d-doo doo doo doo
D-doo doo doo doo doo
