

Honey Honey

Transvision Vamp

Honey, honey, sweet baby
I don't know what you do to me
I don't know what you do
But you do everything right
Yeah you do it all right

And it's just the way you said
It so sends my head
The sound of your voice
Makes me feel all right
Yeah honey, this is right

And there's something in the way you walk
And there is something in the way you talk
But there is something in you
That i just don't wanna see

Honey what I'm feeling now
Is something that you don't know how
I don't know how you make me feel so high
But now ain't the time

And there's something in the way you walk
And there is something in the way you talk
But there is something in you
That I just don't wanna see

Honey, honey, sweet baby
I don't know what you do to me
I don't know what you do
But you do everything right
Yeah you do it all right

And there's something in the way you walk
And there is something in the way you talk
And there is something in you
That I just don't wanna see

And there is something in the way you dream
And there is something in the way you scheme
And there is something in you
That I just don't want to see

honey, honey, sweet baby
