

## Reality Unfolds

### Trapped Under Ice

Reality unfolds before my eyes  
I've spent 21 years living in lies  
21 years that I've paid  
For mistakes that I never made  
And I'm finding there's no hope for love

Devil in my ear tell me what I want to hear  
He said this place is cold, better do as you're told  
Or the true chill, of the world will freeze your soul  
And i'm finding that devil ain't lying

I need something to keep me warm  
Please tell me that you will  
I'm so cold and all alone  
True chill

Reality unfolds what is true  
I've got no love for myself, I've got no love for you  
So pay no mind to the stories that you're told  
Life as you know it has become so cold  
You will never feel the warmth like the warmth you felt before

You sucked the life out of me  
I've felt your true chill f\*\*king ice queen  
So I'm going to freeze, and I'm going to burn  
Until god calls me home, take away my hurt

To know a life of pain and strife  
Too many years spent under the ice  
I'm so alone  
I've been living my life so cold and I will die cold and all al  
one
