

Get Out of Your Own Way

Trapt

I hear you saying you need a little more time
I hear you saying that you're wasting your time
I hear you saying that you can't get by
So many voices in your head you can't make up your mind

I have a feeling that you want more
I have a feeling that you want more from me
I have a feeling that you want more
I have a feeling that you want more from me

Get out of your own way
You've got your finger
Around the trigger, don't hesitate
Get out of your own way
Out of the shadows
We're in a battle you fight in vein
Get out of your own way

I hear you saying that you want to let go
I hear you saying that there's nowhere to go
I hear you saying that you want control
But every door I try and open is a door you close

I have a feeling that you want more
I have a feeling that you want more from me
I have a feeling that you want more
Will you hurry every time you fight me

Get out of your own way
You've got your finger
Around the trigger, don't hesitate
Get out of your own way
Out of the shadows
We're in a battle you fight in vein
Get out of your own way

Free yourself from yourself
Break these chains
Get out of your own way

You got to go with the twist and turns of fate
Trust it all will fall in place
Go with the twist and turns of fate
Trust it all will fall right into place

Get out of your own way
Get out of your own way

Get out of your own way
You've got your finger
Around the trigger, don't hesitate
Get out of your own way
Out of the shadows
We're in a battle you fight in vein
Get out of your own way

Free yourself from yourself

Break these chains
Get out of your own way
Why don't you get off the fence
You got some moves to make
Get out of your own way
