

Living in the Eye of the Storm

Trapt

I can't run, too dangerous to open the door
I can't hide, there's nowhere to go anymore
I've got nothing to hold on to
I can't break through living in the eye of the storm

Living in the eye of the storm

I'm watching all of these dark clouds
I'm watching blue skies turn to gray
And the lightening has struck ground
And a million eyes start to rain

I'm watching everything go down
I'm watching everything wash away
The lonely streets don't talk now
Nobody hears what they've got to say

I know I gotta be strong
But it's hard to hold on and on and on and on

I can't run, too dangerous to open the door
I can't hide, there's nowhere to go anymore
I've got nothing to hold on to
I can't break through living in the eye of the storm

So numb, surrounded by a violent force
Inside, fighting through a deepening war
I need something to hold on to
To get me through living in the eye of the storm

I'm watching hopeful hearts breaking
I'm watching lovers turn to enemies
All the memories fading
We forget the ones we really need

I'm watching evil men break dreams
I'm watching good intentions turn to greed
Never satisfied taking
What all their power just couldn't feed

I know I gotta be strong
But it's hard to hold on and on and on and on

I can't run, too dangerous to open the door
I can't hide, there's nowhere to go anymore
I've got nothing to hold on to
I can't break through living in the eye of the storm

So numb, surrounded by a violent force
Inside, fighting through a deepening war
I need something to hold on to
To get me through living in the eye of the storm

Living in the eye of the storm

Did you get everything you wanted?
Did you get everything you wanted?

Did you get everything you wanted?
Did you get everything?..

I can't run, too dangerous to open the door
I can't hide, there's nowhere to go anymore
I've got nothing to hold on to
I can't break through living in the eye of the storm

So numb, surrounded by a violent force
Inside, fighting through a deepening war
I need something to hold on to
To get me through living in the eye of the storm

Living in the eye of the storm
