

Perfect Dream

Trapt

Looking around
Wondering what this is for
Sure it's fine but i don't think i need this anymore
I took down my self appearance
And i found the definate clearance
I'm getting bored
Surpression is drained
Till i see your face is boredom
They told me...
[Chorus]
Feel this
Once one more to
Make sure its not a dream
I can't stand here any longer
Please don't wake me up
Your such a perfect dream
That all i ever...
Wanted at all
Bringing me down
A fall and a glass hits the floor
Shattered pieces
It's not what it used to be at all
Rided it out on broken pieces
Tell me now what is your thesis
I need it more
To make it through the day
Till i see your face is boredom
They told me..
[Chorus]
I never met this dream...
Reality
Once I fall inside of you
Again its so hard
To keep my mind off of you
To keep my arms off of you
So unreal
So surreal
But,Your just a dream
You'll fall away
Boredom will follow around me again
