

## I Am Rogue

### Trash Talk

Don't you dare say a prayer for me  
I'm a lost cause, can't you see  
I'm too fucked up  
Too far gone  
With only one thing on my mind  
This world never gave me a fucking thing  
Cold streets and dead ends are all I've seen  
Don't you dare say a payer for me  
I'm a lost cause can't you see  
I'm too fucked up  
Too far gone  
With only one thing on my mind  
This world never gave me a fucking thing  
Cold streets and dead ends are all I've seen  
Revenge  
I need to destroy everything?  
I'm starting with you and moving on to me.
