

# Twilight

Travis Garland

the sun goes down on our last day  
we both know there's no other way  
for us  
there's no hope to fix it now  
cause there's no turning back when the day is done

we know  
we've had  
better days  
and now it's time we  
went our  
separate ways

and it's the twilight of our love  
baby it's the twilight of our love  
and when the last light fades  
there'll be nothing left to say  
(girl it's twilight)

we should have learned from our mistakes (ah, ah)  
instead of pushing each other away, away (oh, oh)  
tomorrow wasn't meant for us, us  
but i will hold you while we still have the sun

we know  
we've had  
better days  
(better days baby)  
and now it's time we  
went our  
(we went our separate ways)  
separate ways  
(don't let the sun set)

and it's the twilight of our love (oh)  
baby it's the twilight of our love  
and when the light fades (woah-ho)  
there'll be nothing left to say  
(girl it's twilight)

it's almost night time  
but i can't say goodbye to you, to you, to you  
and there's no more light left  
i wish we had more time left together, together, together

cause we're not done yet  
we're not done yet  
so don't let the sun set

we know  
we've had  
better days  
(we've had better days)  
and now it's time we (oh)  
went our (oh)  
separate ways  
(don't let the sun set)

and it's the twilight of our love  
baby it's the twilight of our love (of our love)  
and when the last light fades (ohh)  
there'll be nothing left to say  
(they said tomorrow wasn't meant for us)

we know  
we've had  
(i don't believe that, i don't believe that, baby)  
better days  
and now it's time we  
went our  
(so don't give up on me baby)  
separate ways  
(don't let the sun set)

and it's the twilight of our love (ohh oh)  
baby it's the twilight of our love  
and when the last light fades  
there'll be nothing left to say  
(girl it's twilight)

it's twilight,  
it's twilight.
